

## C-Panel Access Info on Cobourg Internet Hosts

For Statistics and access to the set up of email

Enter URL `www.<domain>:2082`

A box requesting Authentication comes up,  
Enter User name and Password supplied separately

### Legend:

<domain> replace with your full domain name e.g. `cobourginternet.com`

For Statistics, go to Logs, click **Awstats**

Select the Domain to view (you probably have only one) and click the little magnifying glass.

This now gives you awesome statistics!!

---

For email (if you want to set up yourself). Instead of Logs, go to **Mail**

Select Email Accounts to set up a full email account or Forwarders to setup an email that will forward to an email account that you select. Instructions are self-explanatory.
